Experience:
Burning Stick Creative (formerly The Edge Ideas)
October 17, 2017 to present
217 Garfield St, Lafayette, LA 70501
Freelance Web Designer
I primarily design and develop WordPress websites using the Adobe Suite. I also help out in other fields where I am needed, like graphic design or updating their database

Potenza Inc.
May 10, 2017 to September 8, 2017
600 Jefferson St #730, Lafayette, LA 70501
Web Developer Intern
I maintain current WordPress sites as well as work with a team to make new sites for clients as well as convert client sites to WordPress

CGI
January 10, 2017 to May 9, 2017
538 Cajundome Blvd, Lafayette, LA 70506
Web Developer/Graphic Designer
For my senior project, my team created a web app using ArcGIS that shows chemical facilities in relative locations to emergency responders in case of an accident. I created the website and created custom logos for the web app and website.

Mentor for FIRST Robotics at Acadiana High School (2013-2016, 10 hours)
Volunteered for the Knights of Columbus (2013, 8 hours)
Volunteered with United Way of Acadiana (2013-2014, 16 hours)
